EDUCATION

Double Degree in Mathematics & Computer Science

University of Murcia

📅 Sep 2023 – Present

- Dual-track intensive program combining theoretical mathematics and computer science.

Technological Sciences High School Diploma

IES Francisco Salzillo, Murcia

📅 Sep 2021 – May 2023

- Graduated with focus on mathematics, physics, and engineering fundamentals.

Professional Music Studies (Guitar)

Conservatory of Murcia

📅 Sep 2017 – May 2025

- Intermediate professional degree in classical guitar.

EXPERIENCE

Software Intern

ERI-Bancaire

📅 Jul 2024 – Oct 2024

- Adapted and improved a C/C++ library to ensure compatibility with MSVC.
- Worked in a professional codebase focusing on portability and compiler-specific issues.

SKILLS

C++ C Python Java LaTeX Git Bash MIPS

Competitive Programming Algorithms Data Structures

English (C1) Spanish (Native)

PROJECTS

Competitive Programming Training

- Solved 2000+ problems across Codeforces and similar platforms.
- Focus on algorithms, data structures, and problem-solving under time and memory constraints.

TEAM ACHIEVEMENTS

SWERC ICPC

37th Place out of 141 (2024)

AdaByron

4th Place out of 42 (2025)

PERSONAL ACHIEVEMENTS

Iberoamerican Olympiad in Informatics

Silver Medal (2023)

Spanish Olympiad in Informatics

13th Place (2023)

Murcia Regional Olympiad in Informatics

1st Place (2023)

TRAINING

Competitive Programming Camp

League of Code – Harbour.Space

📅 Summer 2023 📍 Menorca, Spain

- Selected participant in a two-week intensive training program focused on algorithms and competitive programming.
- Covered advanced topics including graph algorithms, dynamic programming, and problem-solving strategies.
